

PORTLAND AND JEANIE SAFE.

News Comes That the Steamers Have Gotten Out of the Ice and Are Probably at Cape Nome.

SAN FRANCISCO, July 2.—The steamer St. Paul, from Nome and St. Michaels, bringing forty passengers and half a million dollars in treasure, reached this port today.

She reports that the whaling steamer Wm. Bayless arrived at Nome on June 20, bringing information as to the Jeanie and Portland having passed in through the straits between the 1st and 5th inst.

It is the opinion of the officers of the St. Paul that both boats are now safe.

REPORT DENIED.

SAN FRANCISCO, July 2.—The Alaska Commercial Company's steamer St. Paul arrived this morning from Cape Nome with news of the steamers Portland and Jeanie that does not agree with the report which reached here through the steamer Centennial at Port Townsend two days ago. This word now is that the revenue cutter Thetis was spoken in Behring straits on June 15, that she had then been out ten days and had seen nothing of the ice-impeded vessels. Everything that the St. Paul tells of the ships is at variance with the Centennial advice. The fact that the former left Nome on June 22, two days after the Centennial did, would make her report seem more reliable, and besides she belongs to the same people who own the Portland.

The whaling bark William F. Bayless, Captain Cottle, arrived at Nome on June 20, and reported that Indians of the Diomedes Islands told him that the whaling bark Belvedere, the steamer Jeanie and a passenger steamer, supposed to be the Portland, drifted through the straits between June 1 and 8, the whaler passing on the 1st, the Portland on the 5th and the Jeanie on the 8th.

PRINCE SAYS HE IS VICTIM OF BLACKMAIL

Francis-Joseph Brought Into the Police Court in London.

LONDON, July 2.—Prince Francis Joseph of Braganza, a Lieutenant in the Seventh Austrian Hussars, a son of a former reigning house of Portugal and a member of the Austro-Hungarian mission to the coronation, appeared in the Southwark Police Court today with other men, charged with a criminal offense.

Formal evidence was given that certain information in the possession of the magistrate was true and the prisoners were remanded.

Prince Francis was allowed to furnish bail for his appearance. His companions were retained in custody.

It was said the Prince's defense was that an attempt was made to blackmail him, that he resisted and that the information was given to the police, resulting in the arrest of himself and the alleged blackmailers.

Prince Francis Joseph Braganza is the second son of the Duke of Braganza by his first wife, the late Princess Elizabeth of Thurn. The Prince was born in 1870. His father is Colonel of the Seventh Austrian Hussars.

CLAYTON IS AFTER FREEDOM

Captain Wilson Arrives in Chicago and Demands His Prisoner.

CHICAGO, July 2.—Edward R. Clayton, formerly of Oakland, California, and well known in Oakland and San Francisco clubs, now a prisoner in the county jail and charged with obtaining money under false pretenses, will fight extradition.

Captain Adelbert Wilson of the Oakland police arrived in Chicago this morning with requisition papers for Clayton's return to the Pacific Coast, and P. A. Dennison, Clayton's lawyer, at once filed a petition for a writ of habeas corpus in Judge Dunne's court. Arguments upon the writ will be heard tomorrow.

After Clayton was taken to the Metropolitan Life Insurance Company in Oakland, he told Mrs. Janet G. Putz, who told George P. Heller, a friend, wished to borrow \$985 to invest in an endowment policy, and on the money and a few days afterward resigned his position and left for Chicago under the name of P. A. Ireland.

After Clayton's flight Mrs. Putz learned that Heller existed only in his mind. In Chicago he opened a cigar store at Twenty-second and State streets, and on information furnished by the Oakland authorities he was arrested at his store a few weeks ago by Detectives Custy and Farley.

MANY INJURED IN A RAILROAD WRECK

CARS JUMP THE TRACK AT A SWITCH AND PASSENGERS SUFFER.

BENNINGTON, Vermont, July 2.—As a result of the derailing of the Troy-Montpelier express on the Rutland Road at a switch at Hoosick, New York, near this city, many people were injured, five seriously and one probably fatally.

Seriously injured: Allan Huckins, Philadelphia, 44 years old; injuries to back, will probably die.

John Brovencher, baggage master, Rutland, back and side injured.

Daniel O'Brien, North Adams, Massachusetts.

LOOKING OVER STRIKE SITUATION

SUPERINTENDENTS OF THE U. P. ARE GOING DOWN THE LINE.

DENVER, July 2.—A special to the Times from Cheyenne, Wyo., says: General Manager Dickinson and Superintendent McKee of the Union Pacific are here looking over the strike situation. Mr. Dickinson said: "The shops in Cheyenne were not closed as a result of feeling against Cheyenne, but about strike conditions, they remain as the Omaha and Armstrong shops were closed. Citizens can rest assured that the shops will be built up, how soon depends upon conditions, but most emphatically, the place will not be abandoned. The company has decided to inaugurate a new work over the entire system, even if it takes years to accomplish it, and will not recede from this position. It will establish a scale of pay which will enable the men to earn more by conscientious work than under the time system."

The officials leave tonight for the West to visit other shops along the line.

MANCHURIA GOES BACK TO CHINA

WHY ENGLAND DID NOT ENTER A PROTEST AGAINST COLLECTOR OF DUES.

LONDON, July 2.—When questioned in the House of Commons today, on the subject of the collection of the Likien and other dues by the Russian administration at New Chwang, Manchuria, the Parliamentary Secretary of the Foreign Office, Lord Cranborne, said Great Britain had not protested against the action taken because His Majesty's Government had been notified that negotiations were proceeding for the evacuation of Manchuria by Russia, and it was expected that Manchuria would shortly be restored to Chinese control.

REVIEW OF THE INDIAN TROOPS.

Queen Alexandra the Central Figure of the Parade—Cheers Are Given For King Edward.

LONDON, July 2.—The review of the East Indian troops today was largely a repetition of yesterday's review but the varied coloring of the uniforms of the representative corps from all parts of Hindoostan formed an altogether more picturesque spectacle.

QUEEN WAS THERE.

Queen Alexandra was again the central figure of the proceedings and the people were out to testify their sympathy once more with her on account of her recent anxiety and their congratulations received on the good news of King Edward's condition.

The review, procedure of yesterday was followed.

About thirteen hundred dark skinned troops, headed by a detachment of the body guard of the Viceroy of India, Lord Curzon of Kedleston, reached the Horse Guards parade grounds to the strains of Sousa's "Hands Across the Sea."

The members of the royal family who reviewed the colonials yesterday traversed the lines of the soldiers of the Indian Empire.

REPRESENTS THE KING.

The Prince of Wales, representing the King, standing by the side of his mother's carriage, took the salute and drew their union and waving them wildly as they joined in the cheering.

On returning to the Palace, the Queen appeared at an upper window and took several snapshots of the Indian troops as they marched past on their return to camp. The Indians received the Queen-Empress and each detachment of the Viceroy of India.

FLEET DISPERSED.

The British fleet which assembled off Spithead for the proposed coronation review, dispersed.

PICKETS DREW THEIR PISTOLS.

STRIKERS REFUSE TO OBEY ORDERS AND ARE TAKEN TO JAIL BY SHERIFF.

HAZELTON, Pa., July 2.—John Shovel, William Gilgate, Frank Schraeder and a Hungarian, pickets stationed along the road leading to the drift on Cox's Brook, to prevent non-union men from going to work, were arrested yesterday by colliery guards and taken to jail at Wilkesbarre. It is alleged that one of the pickets drew a revolver when ordered by a guard to permit the men to pass the line. The strikers report that the guard threatened to shoot unless his order was obeyed, whereupon Shovel whipped out a weapon, which was knocked from his hand by one of the deputies. A scuffle ensued, and the pickets were summoned, and when they arrived at the scene they gathered round the strikers and refused to let them pass.

ALLEGED MURDERER HAS BEEN CAPTURED

HE WAS CAUGHT AT THE HOME OF A RELATIVE LAST NIGHT.

WASHINGTON, Ind., July 2.—Joe Herbert, the alleged murderer who escaped from jail with Bill Edson and others Tuesday morning, was captured last night at the home of a relative in this city. Since being locked up he behaves like a maniac. His trial will not likely be resumed until the next term of court. The other jail breakers are still at large.

ASSESSOR DALTON MAKES A STATEMENT.

County Assessor Henry P. Dalton this afternoon made the following statement for publication: "I have instructed my counsel to press the case to a speedy trial. I have no fear for the result, for there is absolutely no foundation for the charge. But any delay is annoying. If the public will only suspend judgment until the facts are sifted thoroughly in open court, I wish nothing better."

OAKLAND'S DAY AT HOME.

There will be no occasion for any one to leave Oakland to seek amusement and entertainment on the Fourth of July. On the contrary, there is every reason why people should come here from elsewhere to enjoy themselves on Independence Day. Visitors will not only be welcomed cordially, but will be entertained splendidly.

This year's celebration of the national anniversary in Oakland will be more imposing and attractive than any previous occasion in the history of the city. It will be of a magnitude and completeness to challenge comparison. No city in the State will make a finer display or present more varied attractions to please and inspire on this day so dear to the American heart.

In the morning there will be a great procession of the military, civic bodies, orders and citizens generally, containing from thirteen to twenty large descriptive floats, original in design and artistic in arrangement. Immediately will follow the literary exercises at the High school, where preparations have been made to entertain a vast crowd. Professor Henry Morse Stephens, the eminent lecturer of Cornell University, will deliver the oration.

In the afternoon there will be a regatta on Lake Merritt, in which oarsmen from all over the coast will compete. Handsome prizes are offered, and the long list of entries gives promise of excellent aquatic sport.

A promenade band concert and fireworks in the evening will round out the day's amusements. The display of fireworks will be unusually large and fine. The band concerts will constitute a novel feature. Four bands will be stationed in different places in the central part of the city, and each will give an open air concert of also appropriate to the occasion. People can listen to the music and watch the fireworks as they sit or promenade around. They may even dance on the sidewalks if they choose.

In short, Oakland will celebrate the Fourth of July as a live city in the greatest country on earth should celebrate the national holiday. It will be well worth coming to see. No Oaklander should miss it.

The people of the county should all come here. The people of the State are all invited to come and join in the festivities. The members of the Merchants' Exchange, Oakland's popular mercantile organization, are working hard to make the affair a great success.

BIG MORTGAGE OF TRANSIT COMPANY.

Road Is Pledged for the Payment of a Large Debt.

The Oakland Transit Consolidated Street Railway Company today executed a deed of trust in favor of the Union Trust Company of San Francisco for \$6,500,000. The conveyance is a first mortgage on all the real and personal property owned by the company in Oakland, Alameda, Berkeley, Hayward, San Leandro, and Emeryville. Bonds to the extent of \$6,500,000 bearing five per cent are to be issued in denominations of \$1000. Of this sum \$3,500,000 will be devoted to the redemption of the bonded indebtedness outstanding against the Oakland Transit, the Oakland, Hayward and San Leandro Electric Railway Company and the Twenty-third Avenue Electric Company. This indebtedness was incurred before the absorption of those lines by the Oakland Transit consolidated.

The remainder of the bonds, whose face value is \$3,000,000, will be used in extending the company's line to Point Richmond from Berkeley and of constructing a double track railroad from Piedmont along Fortieth street to the bay, and also of repairing the present lines.

Of the new bond issue \$210,000 will be used in constructing the line from Berkeley to Richmond, and \$190,000 from Piedmont to Fortieth street. The sum of \$300,000 will be devoted to the construction of a double track railroad from Fortieth street to some point in Berkeley and also along Fortieth street from the bay to Piedmont. A power house will also be erected at Emeryville from the proceeds of the bond sale.

The sum of \$750,000 will be devoted to the reconstruction of the present lines of the company.

It is made a part of the deed of trust that a sinking fund for the redemption of the bonds shall be created and that the following amounts beginning with July 1, 1903, and running to July 1, 1922, shall be deposited with the Union Trust Company annually:

1903, \$100,000;	1904, \$100,000;	1905, \$100,000;	1906, \$100,000;
1907, \$100,000;	1908, \$100,000;	1909, \$100,000;	1910, \$100,000;
1911, \$100,000;	1912, \$100,000;	1913, \$100,000;	1914, \$100,000;
1915, \$100,000;	1916, \$100,000;	1917, \$100,000;	1918, \$100,000;
1919, \$100,000;	1920, \$100,000;	1921, \$100,000;	1922, \$100,000;

The various sums above mentioned are to be paid to the Union Trust Company and applied to the redemption of the bonds before their maturity, which will be on July 1, 1922.

The balance of the outstanding bonds of the Oakland Transit Consolidated Street Railway Company, amounting to \$3,000,000, and of the Twenty-third Avenue line, amounting to \$500,000, can have the old bonds changed for the new ones.

The document is signed by E. A. Heron, president, and Samuel J. Taylor, secretary, on behalf of the Transit Company, and Isaias W. Hellman, president, and J. W. Hellman Jr., secretary, of the Union Trust Company.

It took \$121 fees to record the deed.

TELLS OF MERITS OF THE STRIKE

MACHINISTS WANT TO SHARE IN THE PROSPERITY OF THE COUNTRY.

OMAHA, July 2.—Thomas L. Wilson, vice-president of the Machinists' Union, today made a statement to the public in answer to that issued by President Burt of the Union Pacific Railroad, touching the merits of the strike on that road. Mr. Wilson admits that the road has been paying the highest scale of wages during the past, but says other roads raised the scale of wages July 1, and that the demands of the Union Pacific machinists were "strictly in line with the general movement of the existing prosperity in the United States and to which we are justly entitled."

On the refusal of the machinists to accept piece work, Mr. Wilson says: "Machinists are not to be compared with train men who don't come into competition with each other." He says such a situation would tend to bring them into competition with sweatshop workmen and prevent them from treating as a body with the company. He sums up as follows:

"I don't hesitate to most emphatically say that this trouble was brought about by the arbitrary actions of the Union Pacific Railroad. They wanted the strike; they got it, and are apparently glad of it. Since we are forced to it, we will see that the men's demands are granted or we will go down to defeat like one man."

BOERS MUST GO FIRST.

THE HAGUE, July 2.—The Foreign Office here has received a notification from the British Government to the effect that the prisoners of war of foreign nationalities will not be repatriated until all the Boers are repatriated with the exception of those who defy their own passage to the domestic land of two months. Mr. parents live in Lawrence, Kansas.

WILL ASK FOR THEIR ARREST.

Governor's Case Against the Editors Was Called in the San Pedro Court This Morning.

SAN PEDRO, Cal., July 2.—When the suit of Governor Henry T. Bacon against J. D. Spreckels and W. S. Leake came up before Justice Downing this morning, only Attorney Bacon for the defendants and Assistant District Attorney Jones were present, the Governor not having arrived.

Bacon objected to further proceedings until a return shall have been rendered of the defendants.

The court should not proceed, he said, until the disposition of the case presented June 30, from Wittman, shall be determined.

"The objection I now make," said Bacon, "is that the court's order of June 30th, declaring the bail of defendants forfeited, is void."

Assistant District Attorney Jones argued that there was nothing to do but proceed to have the defendants arrested.

Bacon suggested that if such an order were to be asked of the court, that it be asked for now in order that he might argue the case.

"I am not prepared to make a request at this hour," replied Jones, "and would ask that court adjourn until some later hour."

Justice Downing thereupon declared court adjourned until 1 o'clock.

The attorneys and Justice Downing got together at 11 o'clock and court was reconvened.

Assistant District Attorney Jones, who had evidently held a conversation with the Governor over the phone, suggested that, in view of the case, beas corpus proceedings now before Judge Cook at San Francisco, that it might be well to continue the hearings at San Pedro to some future date.

As this was just what Attorney Bacon had argued for at the previous session, he quickly assented.

Monday next at 9 P. M. was then mutually agreed upon as the time for further argument. The court was declared adjourned until that time.

STOCKHOLDERS BRING A SUIT. JUDGE FITZ DECIDES THAT HE HAS JURISDICTION IN THE CASE.

MEMBERS OF THE SNELL COMPANY OF OAKLAND DEMAND \$20,000.

SAN FRANCISCO, July 2.—A suit was filed today in the Superior Court by several stockholders of the Snell Land Syndicate, in which the officers of the syndicate are charged with manipulation of the Snell Syndicate stock.

The suit is brought to recover the sum of \$20,000, alleged to have been wrongfully converted to the personal use of W. J. Dingee and those charged with participation in the alleged conspiracy. The plaintiffs are C. S. Lewis, Ida H. Garrett, Elizabeth Hitchcock, Pacific Theological Seminary, W. H. Gregory, S. L. Potter, E. S. Williams, Ralph T. Fisher and Grace M. Fisher. The plaintiffs own among them 500 shares of the Snell Syndicate stock.

The defendants are F. A. Lash, W. R. Thomas, J. H. Dingwell, F. C. Watson, H. B. Pinney, G. H. Gray, R. W. Snow and the Snell Land Syndicate.

Nothing unusual transpired in the court room when the decision was given, although the place was crowded with those interested in the case. The decision of Judge Fritz is based on the case of the People vs. Johnson, 71 Cal. Page 354. In this case a man arrested in one township and taken before a Justice of the Peace and released on bail was re-arrested in another township for the same crime, given a hearing, and held to answer. An appeal was taken on the ground that the second judge had no jurisdiction, but the Supreme Court denied the appeal.

The Fourth of July

is a synonym for independence—it is a fitting time to lay the foundation of future independence. Many people could insure success if they had the privilege of handling a reasonable sum of money. They don't borrow because debt ordinarily means dependence. With our system of installment loans you can reap a positive advantage and sacrifice none of your independence.

Mrs. Chase's Clothes Catch on Fire When Stove Turns Over.

When in some manner the oil stove was accidentally overturned and exploded. Some of the oil was spilled on Mrs. Chase's dress, and immediately she was enveloped in flame.

With great presence of mind she rushed into an adjoining bedroom and, pulling a comforter from the bed, wrapped herself in it. To this action Mrs. Chase owes her life, as she miraculously escaped with but few burns.

In the meantime the flames in the kitchen had gained great headway, but the fire department arrived, and when the fire was turned off, and the whole room close to the house was extinguished and damaged.

The loss will amount to about \$1000, and is fully covered by insurance.

BOY ENDED QUARREL BY SHOOTING AT HIS ENEMY.

Four-year-old William Muller of his enemy.

On the witness stand young Muller acknowledged having fired the shot, but he claims to have shot over the boy's head to frighten him. On motion of Deputy District Attorney Samuel Hamus the boy was given 30 days in which to prove that he was not a vicious character. He will appear in court on Saturday, August 2.

NEWS FROM THE COLLEGE AND CITY OF BERKELEY.

Small Boy Battles With a Game Rooster— Summer Students Do Not Patronize the Library.

BERKELEY, July 2.—A most peculiar encounter occurred yesterday between a game cock and the five-year-old son of P. A. Zeigert of Twenty-seventh street. The boy was crossing a plowed field near his home when he was attacked by the cock. Owing to the softness of the ground, the boy was prevented from running away and was forced to do battle with the infuriated fowl.

The cock flew at the lad and knocked him down repeatedly. It directed its efforts toward picking out the boy's eyes, and had not Florence Zeigert, the lad's sister, been attracted to the place by her brother's cries, the consequences could not but have been serious. As it was, the sister succeeded in driving the maddened fowl away.

David Martenstein is the owner of the game cock. He refuses to kill the bird, but promises to keep it closely confined.

NORTHERN FOOTBALLIST TO ENTER CALIFORNIA.

BERKELEY, July 2.—Football enthusiasts at the State University are rejoiced at the expected registration in Berkeley of R. H. Zercher, the crack guard of the Northwest.

Zercher is a phenomenon in his way. He weighs 215 pounds, and can run 100 yards in 11 seconds flat. He is very heavy and understands the game thoroughly.

At present Zercher is enrolled in Pullman College, a Congregational institu-

tion located in Walla Walla. He is said to be a good scholar, ranking very high in his classes.

Football work will begin next term, about the middle of September. The head coaches will be Whipple and Womble. They will, in all probability, be assisted by Frank Simpson, last season's head coach, and Percy Hall, California's crack fullback.

The outlook for the season is most encouraging. J. A. Clay and Walter Gannon have both expressed their determination to return to college. The former proved himself a tower of strength in the Carlisle Indian game, and held his opponent, an all-American tackle, in a way that surprised every one. The latter formed with Warren Smith, who will also, in all probability, be in college, the greatest pair of bucking half-backs that the coast has ever seen. Overall, Gendotti, Stow, Stroud, Mini, More, Whipple, Starr, Sherman and Hendricks will all be in college. There can be no possible lack of material.

If present expectations are realized, California will have one of the heaviest and one of the speediest lines in her football history. The plans of the coaches, thus far for straight football, and from present indications, it would seem that that will give the most effective style of play for California.

SUMMER STUDENTS DO NOT USE LIBRARY.

BERKELEY, July 2.—Considerable comment has been caused in University circles by the failure of the summer students to avail themselves of library privileges. Librarian Rowell, at the beginning of the session, advertised the fact that three cards upon which books could be drawn, would be given to each student. Out of a total registration thus far of 100 students, but 100 have availed themselves of this privilege.

One explanation offered is that the students are largely enrolled in scientific courses, where experimental work takes to a great extent the place of reference work and reading.

FAREWELL PARTY GIVEN IN WEST BERKELEY.

BERKELEY, July 2.—A farewell party was tendered Robert E. Cruz on Monday night, at the home of Oscar Thompson, 252 Sixth street. Cruz, who is a well known musician, has left West Berkeley for Los Angeles.

The evening was passed with both instrumental and vocal music. Those present at the gathering were: Misses Agnes Thompson, Bessie Knight, Eleanor Keegan, Lupo Cruz, Mamie Bleherood, Blossie Spence, Alice Dale, Alvera, George Foster, Robert Cruz, Daniel Thompson, Oscar Thompson, George Doolittle and William Nevever.

MISSIS HIS FOOTING AND FELL INTO THE BAY.

BERKELEY, July 2.—Gus Newirth, a well known West Berkeley boy, came very nearly drowning in the waters of the bay on Monday last. Newirth was stepping from the University avenue wharf to a rowboat, when he became overbalanced and fell into the water. Barney Muldoney came to his rescue and succeeded in dragging him into the boat.

HILL-GAGE WEDDING ON MONDAY EVENING.

BERKELEY, July 2.—The marriage of Miss Flora Hill and William E. Gage was celebrated on Monday evening at the home of the groom in North Berkeley. The invited guests were limited to the immediate friends of the contracting parties. The Rev. Dr. Halsey of the First Baptist Church of this city officiated.

The bride has been a prominent figure in society circles on both sides of the bay. The groom is a mining expert and owns valuable mining property in the north.

After a honeymoon spent in Grant Rapids, Oregon, the young couple will return to this State and make their home in San Francisco.

BERKELEY, July 2.—Elmer E. Brown, Ph. D. Professor of Education in the University of California, is a member of the Executive Committee of an organization recently formed of Professors of Education in the leading American universities. Thirty-five institutions in different parts of the country are represented. The purpose of the organization is to study the relation of the educational to the other departments of the University, and to make investigations regarding the teaching of educational subjects. The Executive Committee consists of Professor John Dewey of the University of Chicago, chairman; Professor M. V. O'Shea of Wisconsin, secretary; Dean James B. Russell of Columbia, President of Harvard and Professor Brown of the University of California.

CHRONICLE WORK IS APPRECIATED.

MERCHANTS RETURN THANKS FOR WRITE-UP OF ALAMEDA COUNTY.

There was a short meeting last night of the directors of the Merchants' Exchange, which was adjourned, enable the Executive Committee of the Fourth of July Committee to perfect arrangements for the patriotic observance of the anniversary of national independence. J. P. W. Sisk of the Tunnel Committee reported progress.

CHRONICLE ON ALAMEDA COUNTY.

The following resolution appreciating the enterprise of the San Francisco Chronicle in publishing an article on Alameda county in a recent issue, was introduced by Director Jones, and on motion of Mr. Brown was adopted:

"Resolved, By the Merchants' Exchange of Oakland, that the thanks of the citizens of Oakland are hereby tendered to the San Francisco Chronicle for the able and interesting article, descriptive of Alameda county, published in its issue of June 28, 1902. We commend the public spirit displayed by the Chronicle in issuing its series of articles descriptive of the counties of California. We believe that the systematic effort to publish reliable information concerning our State will be of great benefit to California and the Pacific Coast.

CLOSING ON SATURDAY.

Director Salinger asked if any member had heard of a petition for the closing of stores on Friday and Saturday. He thought it was foolish to have a concert move in that direction, though any merchant who felt disposed to close could do so if he wanted to.

Mr. Downing's incorporation of the title store on Broadway, said he had heard nothing about the proposition in question.

OPEN ON THE FOURTH.

President Crow said he knew of nothing of the kind referred to by Mr. Salinger. In fact, he had heard that some of the local merchants had decided to keep their stores open on that day on July 4.

The Exchange then adjourned.

ROBERT DOWNING AS THE GLADIATOR.

The performance of "The Gladiator" at the Dexter theatre is one of the finest that has ever been given in this city. It introduces not only the full Stevens Stock Company, but also Robert Downing, the foremost tragedian of the day.

Mr. Downing's impersonation of the title role is artistic, pathetic and effective. The musical cadence of his voice touches every heart. His tones are pleasing to the ear, whether he is pleading for his daughter or bitterly denouncing the enemies who are striving to compass his destruction.

The play will be produced every night this week.

RHEUMATISM

Of all cripples the rheumatic cripple seems most unfortunate. When a man is hopelessly crippled by loss of limb he accepts the fact as irremediable, yet he is often better off than the rheumatic cripple whose body is sound of limb. To be physically perfect and yet be drawn and twisted by rheumatic pains seems a special irony of fate.

Dr. Pierce's Golden Medical Discovery has supplied the stiff legs and straightened the bent backs of sufferers from rheumatism after years of misery and useless "doctoring." It cleanses the blood from uric acid poison, gives a new supply of rich pure blood and gives sound health to the whole body.

Mr. R. J. McKnight, of Cades, Williamsburg County, South Carolina, writes: "I had been troubled with rheumatism for twelve years, so bad at times I could not leave my bed. I was badly crippled. Tried many doctors and two of them gave me up to die. None of them did me much good. The pains in my back, hips and legs (and at times in my head), would nearly kill me. My appetite was very bad. Everybody who saw me said I must die. I took five bottles of the 'Golden Medical Discovery' and four vials of 'Pellets,' and to-day my health is good after suffering twelve years with rheumatism."

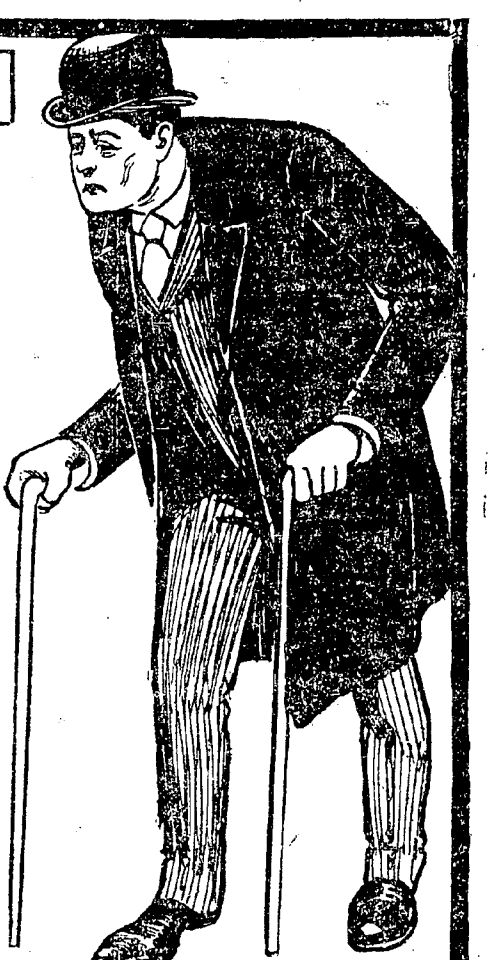

Dr. Pierce's Golden Medical Discovery purifies the blood, cures diseases of the stomach and other organs of digestion and nutrition, and so causes the body to regain strength by the only way known—which is by the perfect digestion and assimilation of food. It is the one great blood-purifying, body-building medicine.

It is understood that rheumatism is a disease of the blood. "Golden Medical Discovery" cures rheumatism and other blood diseases by entirely eliminating the poisons which cause disease. It cures scrofula, erysipelas, salt-rheum, boils, sores and other eruptive diseases caused by impure blood.

Accept no substitute for 'Golden Medical Discovery.' There is nothing "just as good" for diseases of the stomach and blood.

AGAINST CO-EDUCATION.

President Benjamin Ide Wheeler evidently shares the prevailing reactionary tendency regarding co-education. He makes it plain that whatever the effect may be on women, it is not the best system for men, and the tone of his remarks indicates a belief that co-education prevents the highest development of university life.

Professor Wheeler's opinions in this regard are shared by many eminent and experienced educators. Without doubt the current in academic circles is setting against co-education. In a number of the leading institutions in which co-education has been and is a cardinal principle, protests are being made against the system. Chicago, Wesleyan, Michigan, Northwestern, Stanford, and now Berkeley, are examples of the prevailing tendency.

But so far as the University of California is concerned, the question is a purely academic one. It is diverted of the aspect of an issue by the fact that the law dedicates the University to both sexes. It was founded on the principle that it belongs to the whole people, and that women are therefore entitled to share equally in its benefits. Unless women are to be deprived of their rightful share in the advantages of higher education, the present system must continue to prevail.

To separate the sexes means to create another university. It is not possible for the State to support two institutions of the standard and equipment of Berkeley. To create another school would be to substitute two institutions distinctly inferior to the one now in existence. An alternative suggested is a limitation on the number of women students. This would be a discrimination that the law will not permit nor a sense of justice sanction. Stanford can do that with propriety because Stanford is not a State institution supported from the proceeds of public taxation. But the State University is the people's school and must remain open to all citizens without regard to sex.

GUARD AGAINST FIRES.

As the Fourth of July is again at hand it becomes necessary to give out the annual warning against the danger of fire. The practice of celebrating the National anniversary with combustibles and fireworks thrown indiscriminately in the streets, has caused the destruction of enormous amounts of property and the sacrifice of many lives. Every Fourth of July sees the killing and maiming of many children because it is the wont of childhood in the pursuit of pleasure to be thoughtless and careless. But many grown persons are almost criminally malicious in the handling of firearms and fireworks. While allowing all proper latitude for indulgence on this particular occasion, it is the duty of the authorities to exercise extraordinary vigilance and to exact a wholesome restraint when the line of excess is passed. Not only should the police and fire departments be prompt and vigilant, but all citizens should be watchful and cautious. Because of the popular manner of celebrating each Fourth of July threatens to be a National calamity instead of a day of general rejoicing. So long as we manifest our patriotism by exploding firecrackers and bombs and discharging firearms in the street, we must continue to guard against the dangers to life and property that must necessarily ensue.

BAD SIGNS IN COLLEGE LIFE.

Attention is being attracted to the poor scholarship exhibited in the Eastern universities by the automobile riding sons of the very rich and the devotees of inter-collegiate athletics. There is a suspicion that college life is becoming too luxurious on one hand and too much addicted to sports. The young women who do not sport, play football or put the shot get along much faster than the average man who spends most of his spare time in a sweater, and who shows much greater interest in training for the high jump than in scanning Latin verse. The athletic craze has run to an extreme, and indications point to a reaction not only in this respect, but in the direction of greater simplicity in college life. The Greek letter societies have become exclusive fashionable clubs and the "get on at any cost" spirit of the age is tainting the undergraduate body in many a great university. Modest worth and genuine scholarship have not the standing and place of honor they once occupied.

THE WORK OF CONGRESS.

Congress adjourned early considering the vast amount of legislation it transacted. Perhaps there never was a session at which so many important measures came up. Some of them remain unsettled, but a great majority of the more pressing questions were dealt with affirmatively. The bill providing for the government of the Philippine Islands, a measure of profound importance, must impress our national mind for many years to come. For the Isthmian Canal question pressing for a settlement, Congress has provided an act which insures the completion of a canal at either Nicaragua owned and controlled by the United States. The act was passed.

important, especially the Rivers and Harbors, Public Buildings, Army and Navy bills. The reconstruction and enlargement of the Military Academy at West Point and the experiment of constructing war ships at the navy yards were authorized. The war taxes were abolished. Among the more important measures that failed of final action were the Ship Subsidy, Cuban Reciprocity and Bankruptcy bills. All of them can wait. The public interests will not suffer from the temporary delay in disposing of the questions they involve. Taken all in all, this Congress has made an unexampled record for despatch and orderly transaction of important business. Its work is a triumph for the Republican party and a tribute to the American genius for government.

Is it a greater crime to steal a bicycle than a watch or a purse? Recently several persons have been sent to State prison from this county for stealing bicycles. In few if any instances did the value of the machine stolen reach \$50, yet the law makes stealing a bicycle grand larceny, no matter how trifling its value. If a man steal a watch worth \$49, he only commits a misdemeanor punishable by imprisonment in the county jail for a period not to exceed six months. If he steals a bicycle worth \$5 he is sent to State prison for not less than one year. The courts have no option in the matter, for the statutes have classed bicycles in the same category as horses and cattle. It is not permissible, however, for horses and cattle to be driven on the sidewalks, but it is the privilege of the wheelman to ride his bike on the sidewalk.

Senator Bailey of Texas seems better fitted to debate with his fists than his brains. Like Senator Tillman of South Carolina, he thinks the exercise of brute force the proper way to bear down opposition. Bailey's offense, however, was not committed while the Senate was in session and is therefore not a contempt of that body. But it was committed in the Senate Chamber immediately after adjournment, and apparently without sufficient justification to justify. Senator Beveridge may have pushed the privilege of debate to the extremity, but Bailey's manner of resorting to it was brutal and vulgar. It was disgraceful in a Senator, and will lower the Texas Senator in public estimation. Sentiment in this country refuses to tolerate brawling and fistfights in the halls of legislation.

The three kinds of Democracy now on tap are characterized as straight, fizz and fizzle. Cleveland stands for the first, Watterson the second, and Bryan for the third. There is a great deal more of the two latter kinds than of the first.

OAKLAND TEAM TURNS TO DOGS

CORPS OF BALL-TOSSERS GET OUT LICENSES TO SPORT CANINE MASCOTS.

The Oakland baseball team seems to have gone to the dogs, if the records in the City Tax Collector's office can be taken for authority. The records show that yesterday McCredie, the efficient officer of the team, called at the Tax Collector's office and blushing asked for a dog license. It is one of the requirements that the name of the dog be given, and McCredie softly whispered the name of "Michael Fisher" in response to the query of the clerk. Then came Peter Lohman to part with \$1.50 for a bull dog called "Ginger." "He's hot stuff," named him after Bill Devereaux, explained Pete. Hodson was the next one of the team to confess to the ownership of a dog and he confided to the clerk that he had a cute little canine named "Rubber." Hodson was followed by several more of his team mates in search of tags for their pets, each one claiming that he owned the mascot of the team.

W. W. SWEET'S WORK NEAR THUNDER MOUNTAIN.

The Idaho Leader, published at Nampa, Idaho, has an interesting talk with W. W. Sweet, a graduate of the Polytechnic high school of this city, and son of the secretary of the Retail Grocers' Association, who had shortly prior reached Nampa from Thunder Mountain, the great gold district.

On his way out Mr. Sweet said that he met many men going in and that he estimated that there must be 3,000 people and 1,000 horses at Indian creek, twelve miles from the mouth of the Snake. Mr. Sweet made the discovery that his party had been robbed of 400 pounds of provisions and pack saddles which had been cached at that place.

Mr. Sweet has bonded three good claims near the Dewey property and has several men working for him.

THE KIDNEYS

When strong and healthy, filter the blood and remove all poisons and impurities from it, but if weak or diseased these impurities are allowed to remain and sickness follows. Stimulate the kidneys with Hostetter's Stomach Bitters. It is the best known remedy for them and never fails to cure. It will also cure Stomach Complaints. Try it. HOSTETTER'S STOMACH BITTERS

MARRIED OUT AT BERKELEY.

SOCIAL PLEASURES OF THE PLEASANT SUMMER SEASON.

H. C. Ingram, principal of the Polytechnic Business College of Engineering, and Miss Mary Durham, daughter of Rev. and Mrs. Durham of Irvington, were united in marriage by the Rev. Dr. Ellis of Berkeley at the home of the bride's parents on Monday afternoon last.

The home was very effectively decorated for the ceremony. The prevailing colors were pink and green, harmonizing nicely with the exquisite costume worn by the bride. After the ceremony, the assembled guests partook of a dainty wedding dinner, at which the many handsome wedding presents were displayed.

The happy couple left almost immediately after the ceremony for Monterey where they will spend their honeymoon. They will take up their residence in Oakland.

Both the contracting parties are well known. Mr. Ingram has been a leading educator on the coast for many years. He was formerly vice principal of the Southern Indiana Normal School, but removed to this State where he became the head of the Turner Seminary at Irvington. Since that institution burned down in 1898, he has been connected with the Polytechnic Business School.

Miss Ingram was an exceedingly popular member of Irvington society. Her accomplishment as a musician has won for her more than local recognition. She is a graduate of the New England Conservatory of Music and has channeled many California audiences with her playing. Recently she has been the head of the musical department of the Normal School at Ashland, Oregon. She was formerly an instructor also in the Turner Seminary before it was destroyed. The bride enjoys a large circle of friends in her home city, where she has always been deservedly popular on account not only

of her accomplishments but her sweetness of disposition.

UNITY CLUB GIVES A PLEASANT DANCE.

The Unity Club gave a pleasant informal dance last week at the Piedmont clubhouse, the club members and their guests being appropriately garbed, the girls in duck or dimity and the men in ducks. The veranda was inclosed and was effectively decorated. Among the guests were Mr. and Mrs. Jesse Swift, Dr. and Mrs. Asa Bliss, Mr. and Mrs. Charles Quayle, Mrs. Frederick Sinclair, Miss Warner, Miss Pearl Kendall, Miss Sharp, Miss Lilian Jensen, Miss Francis, Miss Louise Frank, Miss Margaret Frank, Miss Augusta Zabel, Miss Etta Iben, Miss Olive Diebert, Miss Ethelyn Mills, Miss Baker, Miss Edith Husted, Misses Leichter, Misses Carter, Miss Read, Miss Campbell, Miss Laura Moore, Miss Katherine Potter, B. FRIENDS SAY FAREWELL TO OSCAR W. PETERSON.

The friends of Oscar W. Peterson gave him a farewell reception last evening at his home on Union street as he will leave for the East on July 5. Among those present were: Mrs. A. Anderson, Mr. and Mrs. A. Brown, Mr. and Mrs. E. Anderson, Professor and Mrs. Pacheco, Mrs. I. Peterson, Misses Annie Guy, Geanette Guy, Alice Bishop, Laura Bishop, Annie Peterson, Hilma Hendrickson, Alice Brown, Oliver Pacheco, Hazel Pacheco, and Messrs. Frank Sebran, Will Hammond, James Pringle, Jr., Neils Dahlvik, Andre Anderson, Theodore Higuer, Carl Anderson, Ernest Peterson, Oscar W. Peterson.

THE HAMMER CLUB MEETS AT CAMP TAYLOR.

DEMOCRATS ARE IN THE FIELD.

COUNTY CONVENTION WILL BE HELD HERE ON 23d OF AUGUST.

The Democratic County Central Committee held a meeting last night to make arrangements for the forthcoming campaign.

It was decided to hold the Democratic County Convention in Germania Hall, in this city, August 23, at 10 o'clock A. M.

The ratio of representation in the convention will be one delegate for every forty Democratic votes cast at the last Presidential election.

This will give seats to 188 delegates in the convention.

Delegates will be elected by the various Democratic club organizations in the several Assembly districts.

A call was prepared for the primary election, and the chairman, J. J. McDonald, and the secretary, A. Bachrach, were empowered to prepare and file the necessary petition with the Board of Election Commissioners to be given a place on the ticket at the primary election.

This petition must be filed before the 12th of this month or thirty days before the date of the primary, namely August 12th.

His Life In Peril.

"I just seemed to have gone all to pieces," writes Alfred Bee of Welfare, Tex., "biliousness and a lame back had made life a burden. I couldn't eat or sleep and felt almost too weak to work when I began to use Electric Bitters, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigorous health and new life to weak, sickly, run-down people. Try them. Only 50c at Osgood Bros' drug store, Seventh and Broadway.

GRADUATES GET THEIR DIPLOMAS

PROFESSOR DAWBORN HAS A LOT OF TROUBLE WITH HIS AUTO.

SAN LEANDRO, July 2.—After a delay of several weeks the graduating class of the local grammar school finally received their diplomas. Through some fault of the printers the diplomas were delayed but as the class had been informed that all had successfully passed their examinations the loss of the diplomas was not so keenly felt.

The diplomas were presented yesterday at the school house by the principal, who addressed the graduates with a few chosen words of advice and best wishes. The following are those who graduated and constituted the entire class '02: Edward Garcia, Adna Cooch, Joseph Hoerst, Elmer Hook, Warren Hackett, Eva Lynn, Veronica Kerwin, Stella Nelson, Harold Rawson, Manuel Rogers, Ernest Straub, Katie Williams.

BROKE HIS AUTO.

SPORTS OF THE FIELD AND NEWS OF CLUB.

M'CONNELL WINS FROM LOUIS LONG.

JUDGES UNABLE TO AGREE AND REFEREE FAVORS THE KEYSTONE LAD.

A large crowd filled the West Oakland Athletic Club rooms last night to witness some lively boxing between local men.

The main event was a ten-round go between Frank McConnell of the Keystone Athletic Club, and Louis Long of the Reliance Club. The go was a fast one and went the limit. The decision was given to McConnell by Referee Tyre, after the judges, Sol Levinson and Geo. Simpson had failed to agree. The decision of the referee failed to meet with the approval of the spectators, who thought that Long should have been allowed a draw at least.

McConnell was the aggressor throughout the fight, but Long's clever blocking won the applause of the sports.

In the sixth, Long landed a right swing that kept McConnell on the mat for eight seconds, but he retaliated in the eighth round, when a straight left drew blood from Long's nose.

Aside from the decision of the referee, the bout was satisfactory in all respects and was considered the best seen in the club for some time.

The first event of the evening was a free-for-all between four members of the club, who for three minutes punched and jabbed one another to the enjoyment of the crowd.

The next to enter the ring were Spike Foley and Dutch Gruning, scheduled to fight four rounds, but Foley, who appeared to be much the heavier, had no difficulty in disposing of his opponent in the second round.

Paul Crump and Henry Martin, both colored, fought four rounds, but each appeared to be afraid of the other, and neither was willing to take a beating. The judge gave the decision to Martin, he having displayed more cleverness than Crump.

The bout that was scheduled to take place between J. Murphy and Young McConnell was called off, McConnell being unable to get down to the required weight of 135 pounds.

George Simpson acted as referee in the preliminaries.

A large crowd of sports came from San Francisco to see the main event and plenty of money changed hands as a result.

The club will probably match the boys again to decide definitely who is the better man.

BANKER'S CLUB WINS TWO GAMES

OWLS MAKE A POOR SHOWING BECAUSE THREE OF THEIR MEN WERE ABSENT.

The seventh series of games in the Oakland Bowling Tournament was bowled last evening on the Oakland alleys and resulted in two games in favor of the Bankers and one game in favor of the Owls. The Owls were weakened on account of three of their regular team being absent, which necessitated putting in three outsiders.

Scores were as follows:

BANKERS' CLUB.
J. M. Jett—118, 127.
J. Crum—115, 120.
T. C. Warren—115, 118.
R. J. McMillen—138, 97.
L. G. Surprenant—145, 135.
Totals—743, 610.

OWLS.
C. A. McDonald—150, 142.
L. C. Stewart—89, 93.
J. E. Patterson—74, 91.
J. Claren—117, 152.
W. Reeves—145, 175.
Totals—585, 657.

M. J. Peterson bowled first game.

J. Donley bowled first game.
